

WORLD TRADE CENTER®
SEATTLE

Pilot Program

Interested in sharing your experience at the World Trade Center? Become a WTCSE Pilot in our Pilot Program and be paired with a new member to share the benefits of membership. The Pilot Program is designed to help all members take full advantage of the wonderful benefits of the organization and allow new members the chance to meet other members early on in their membership.

The WTCSE team will select a Pilot for each new member and make an email introduction. Requests for specific new member/Pilot pairings can be made and will be granted as often as possible.

As a WTCSE Pilot, your obligation to your new member includes:

- * Connecting with your new member within the first month of being introduced to one another.
- * Sharing what you enjoy most about your WTCSE membership and seeking to learn what the new member may be looking for out of their membership.
- * Helping explain and demonstrate WTCSE benefits based on their specific needs.
- * Advising them of programs you have enjoyed and sharing upcoming events you might be attending where, they too, could come and meet others.
- * Attending the complimentary invite- only New Member Reception in partnership with your new member to mingle with other members and our Board of Governors.

If interested in becoming a Pilot, please contact Shelley Tomberg, Director of the WTCSE, at shelley@wtcseattle.com or 206.269.4121.
